WORK EXPERIENCE

Business Development Representative | Dilip Patil and Associates, India July 2021 – Aug 2023

- Supported end-to-end sales operations and pipeline management for B2B commercial teams, ensuring accurate tracking of leads, opportunities, and revenue in CRM systems.
- Maintained 100% CRM data accuracy across Salesforce, HubSpot, and Zoho, improving reporting quality and enabling reliable sales forecasting (+30% forecast accuracy).
- Monitored sales KPIs, pipeline health, and conversion metrics, providing insights that helped exceed monthly pipeline targets by 20%.
- Standardised sales workflows, follow-up processes, and reporting templates, improving team efficiency and response times in high-volume environments.
- Coordinated closely with internal stakeholders and external partners to support commercial alignment and opportunity progression across multiple regions.
- Enabled revenue growth (€750K+) through structured pipeline governance, lead qualification (BANT), and disciplined sales process execution.
- Supported onboarding of tools and CRM best practices through documentation and peer knowledge-sharing, improving team adoption and consistency.

ACHIEVEMENTS

- Improved sales forecast accuracy by 30% by enforcing CRM data governance and standardising opportunity tracking across Salesforce, HubSpot, and Zoho.
- Enabled €750K+ in new business revenue by strengthening pipeline visibility, KPI reporting, and structured sales process execution for B2B commercial teams.
- Increased pipeline efficiency by 20% through optimisation of follow-up workflows, reporting templates, and cross-functional coordination with internal stakeholders.
